

Wellington Estates

Letter from your Executive Director

Dear Residents, Staff & Caregivers,

Summer has finally arrived, and with it comes the usual humidity and high temperatures. While most of us are happy to see days of rain gone, this season brings yet another set of challenges. It is vitally important that everyone, no matter what age, hydrate in amounts adequate to keep your body healthy and your temperature down. If you are like me, 15 minutes in the sun without sunscreen results in a burn that is not only painful but may cause serious consequences for our health. While George Hamilton may look tanned and handsome, I guarantee you that it is likely that he has not only undergone plastic surgery, but also dermatologic intervention along the way! Burned skin is subject to tissue changes, which can undoubtedly lead to serious skin cancers, so please be careful and liberally apply sunscreen when you are outdoors, even in the shade!

Renovations are rolling along quite nicely, and we are excited to see the arrival of our dining room and lounge furniture. God knows we need to reclaim some of our common areas for our residents to socialize in! Wall Township and their busy zoning schedule have created delays in the progress of our "Wellington Park" but our landscape contractor is on top of it!

Lastly, with July 4th, our nation's Independence Day, we are reminded that it is our duty to love and respect one another. With so many challenges facing our nation, it is vitally important that we never lose sight of what we stand for and believe in. Now more than ever, let's show what America really represents.....the right to live, love, work, speak and be respected for the individuals we are and the beautiful country we are so blessed to live in. ~Alexis~

Dear Residents, Families & Staff.
Summer is here and it is shining bright....

We are excited to get out for fresh air, walks on the board walk, gardening and seeing the llamas. Independences day is upon us... looking forward to the barbecuing and enjoying the nice weather on the patio with friends and family .

"Summertime is always the best of what might be..." Charles Bowden
Natasha Ulysse
